*** designed by Jean Paul Gaultier

¹ Please note that due to technical print limitations, the color references of Crystal Pearl Neon Colors do not correspond to the true luminescent appearance of the real article. Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison.

The Crystal Pearl Neon effects are UV light resistant. Nonetheless, due to the presence of neon pigments in the lacquers, Swarovski recommends using the crystals only under artificial lights, as excessive sun exposure can cause the pigments to fade.
